MONTHLY PLANNER FOR OCTOBER
Grade II (2021-2022)

“It is the supreme art of the teacher to awaken joy in creative expression & knowledge.”

Dear Parents,

Greetings and good wishes!

As the common adage goes, the future of a country lies in the hands of its children and teachers, by whom they are shaped into becoming future leaders. All students express their gratitude and respect to their teachers on 5th September. This day is celebrated as Teachers Day to commemorate the birth anniversary of Dr. Sarvepalli Radhakrishnan- a renowned scholar and a great teacher.

The month of September was full of opportunities to learn through activities that kept the students spirits high.

In Mathematics “Multiplication” topic was introduced. Students had fun learning and reciting tables through “Multiplication Wheel Activity”. During EVS sessions, students were sensitized about community helpers and their importance in society. Students also participated in “Swachta Pakhwada 2021” organized by CBSE in which they made informative posters and wrote slogans on various topics like Swachta, Fighting Corona, Save Water and Say No to Plastic.

The value for the month of September was “Hardwork” where children narrated stories with props. Through this activity they learned that hardwork is the key to achieve greater heights in life. The month saw a plethora of activities and competitions during Hindi Diwas. Students narrated story using props, made beautiful collage on “Sangya” and they also wrote about their dreams. These activities helped students work cohesively, research and improve their presentation and oratory skills. World Tourism Day was celebrated to cultivate and create awareness about the significance of the subject and help the students in learning about the social, cultural, and financial significance of tourism. World Heart Day is a campaign to spread awareness about heart health amongst common people all over the world. In school we celebrated the “ World Heart Day” where children were told about taking care of their hearts by eating a healthy diet, doing exercise and yoga.

Students enthusiastically participated in class presentation where they presented how different concepts are introduced during the classroom sessions.
