**GRADE- I (2021-2022)**

*"Education is not preparation for life, education is life itself"*

Dear Parents, Greetings!!

The month of October started with a wonderful assembly presented by Grade 1A on Gandhi Jayanti where children performed brilliantly and confidently. Learning is a continuous process so they have learnt new concepts. The concept of describing words was introduced through a wrapping activity where students were really curious to know what's there in the wrapper. The topic was assessed through a listening activity where children had created beautiful artwork after listening to the instructions. They enjoyed the activity of opposites and compound nouns.

The concept of money was explained by showing them the real money and a home task was given to them to go to the market and purchase daily need items. They enjoyed tracing coins in their notebooks and had fun tossing the coin (heads and tails). As the month of October is full of auspicious festivals so it is the best time to introduce different religions and places of worship. The students also learnt about the holy books of different religions. They had also learnt about the Animals around us. They were amazed to know the facts about different carnivores, herbivores and omnivores. They were told to bring the toys of different animals and speak few lines about them.

'Sharing is caring' is the value for the month. It is very important to inculcate this value in children during these times as they are restricted to their homes and not sharing things with their friends because of the online mode of teaching. A story on sharing was shown to them. The students were told to give their old clothes and toys to the needy children near their residence. To show respect towards Our 'Father of Nation', Gandhiji, children drew a charkha in their art files and learnt about his life as well. Grade 2A presented a wonderful assembly on Dusshera through which children learnt about the victory of good over evil. Then, they made Ravana craft as well. World Animal Welfare Day was celebrated, the purpose of which was to make students understand that the natural habitat of wild animals is the jungle so we should not cut down forests. It was followed by a beautiful story "Be kind to animals". In the end, children drew their favourite animal in their sketch files. On World Tourism Day students were excited to know about the Seven Wonders followed by a worksheet on the Seven Wonders of the World. It was a fun learning experience for children. We thank you for supporting us during the entire duration of Term-1, the virtual classroom activities and competitions.
