MONTHLY PLANNER FOR OCTOBER
Grade III (2023-2024)

“It must be October; the trees are falling away and showing their true colours.”- Charmaine J Forde

Dear Parents,

Greetings!!

Let's welcome October with open arms as it marks the end of a session and reminds us of a new beginning. Different months bring different joys. However, of all the months, October has always been everyone's favourite month as it is a month of festivals and events that are celebrated across the country with great enthusiasm and fervour.

Play is our brain's favourite way of learning. Students did a lot of hands-on activities in different subjects to understand various concepts which were introduced to them. In English students learnt Articles through a balloon activity which helped them grasp the concept in a memorable and enjoyable way. Students learn grammar concepts easily when taught in an engaging and interactive way. In E.V.S chapter- OUR FOOD, students made a food pyramid to realize the importance of a balanced diet and were encouraged to eat healthy food. They also made flap cards of different kinds of foods. In Mathematics students measured length of different articles using rulers and noted all the measurements to understand the concept of length.

The month of September played host to Teacher's Day. The students showcased their love and respect for their teachers through cards, gifts and heartfelt messages. The student council and the students of Grade X and XI made this day special by arranging different activities for teachers.

September 8th is International Literacy Day which offers a chance for people to come together to raise awareness of the importance of literacy. On this day students gifted their old books to nannies of the school to promote education among them and also taught them to write their names in English. Celebrating First Aid Day in school is an excellent way to raise awareness about the importance of basic medical knowledge and emergency response skills. On this day the school nurse demonstrated how to apply bandages and treat minor injuries during emergencies. The students were also encouraged and motivated to make their own mini first aid kit. To educate students about the importance of rivers, their conservation and the role they play in our ecosystem we celebrated World River Day. Students presented themselves as different rivers of the world and spoke a few lines about how we can keep our rivers clean for our future generations. World Tourism Day was celebrated to cultivate and create awareness about the significance of the topic and to learn about the social, cultural and financial significance of tourism. Students have crafted their personal imaginative passports and with the help of their teachers and had *visas* stamped of their favourite destinations. Hindi Diwas was celebrated in school and students did a fish craft activity on Vilom Shabd where they learnt the importance of our national language.

Students also participated in CBSE project Veer Gatha edition 3.0 wherein students wrote poems, paragraphs and also made paintings of gallantry awards winners. Teachers also discussed the acts of bravery and life stories of the gallantry award winners.

The value of the month was **Family**. Family is the cornerstone of our lives, providing us with love, support and a sense of belonging. The meaning of the same was explained to the students by talking about the importance of family and the values they learnt from their family members. Students constructed miniature houses with colourful

ice cream sticks and drew and painted pictures of their family members showing different generations. In addition to this they poured their hearts and creativity into crafting a poster on family values in a very innovative way.

The month of August celebrated the auspicious festival of Raksha Bandhan and students made rakhis for their special ones at home. Faster, Higher, Stronger is the sole motive of any sports event. National sports Day was celebrated on 29th August and students enthusiastically participated in fun races. Congratulations to the winners!
