

IMPERIAL HERITAGE SCHOOL, SEC-102, GURUGRAM
MONTHLY PLANNER FOR OCTOBER
GRADE-VIII (2023-2024)

“The goal of education is the advancement of knowledge and the dissemination of truth.”

– John F. Kennedy

Dear Parents,

Greetings!

Let us spark up October and make it better than September. October is a month that marks the beginning of vibrant festivals and bountiful celebrations. The month of September reflected academic rigors as the students appeared for their Term I examination after a thorough recapitulation of the Term I syllabus. The value of the month of September was **Family**, the primary social institution that offers support and security coupled with unconditional love, which will always look to see and bring out the best in us, even if we cannot see it for ourselves. During the class activity, students shared touching moments and incidences of their lives where they felt the importance of their loved family members.

The Sanskrit language has great significance and is known to be the foundation of different classical texts in fields like Literature, Philosophy, mathematics, and Science. **Sanskrit Diwas** was celebrated to create awareness and promote one of the ancient and oldest Indian languages, wherein students presented a special assembly.

Hindi Diwas was celebrated to spread awareness about the importance of the Hindi language in the country, wherein students participated in an activity based on *Soordas ke pad*.

Teacher’s Day was celebrated with zeal and zest on September 5th. There was excitement in the school atmosphere, which was quite contagious. The students of Grades X and XI took over the duties of the teachers for the day, and special performances were given by the student council members.

In order to honor the acts of bravery and sacrifice of the officers and personnel of the Armed Forces, the students of IHS were motivated to do projects and activities based on **Gallantry Award** winners. They were engaged in various activities like poem composition, paragraph and essay writing, painting, and multimedia presentations under the **CBSE Project Veer Gatha Edition 3.0**.

International Literacy Day was observed to raise awareness of literacy as a human right and to encourage the creation of a more literate and sustainable society. A UNESCO poster-making activity was conducted in Grade VIII, and the students made a poster on the importance of literacy.

The Department of Drinking Water and Sanitation, Ministry of Jal Shakti, Govt. of India, observed **Swachhata Pakhwada** from September 1 to September 15, 2023. The initiative places emphasis on promoting safe and appropriate hygiene practices in schools and behavior among children. To recognize, inspire, and celebrate excellence in sanitation and hygiene, **Swachhata Shapath** was taken by all the students and teachers during the school assembly, and students were sensitized about the same.

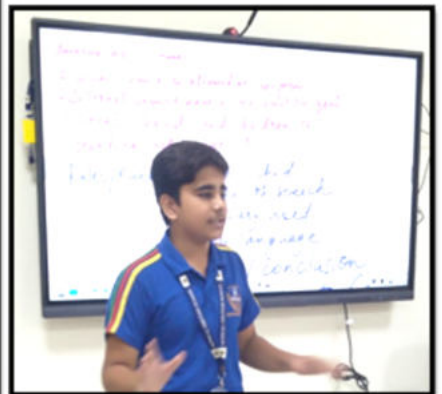

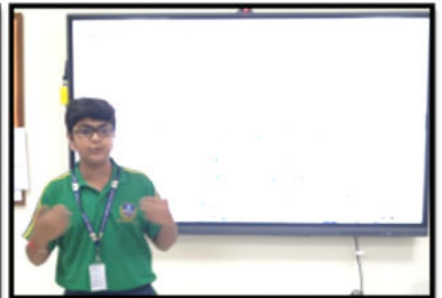

In **English**, students were given a few topics on which they had to speak as part of the speaking assessment. They presented the positive and negative aspects of the topic in one minute. The students spoke on issues such as: Should the internet have a time constraint imposed by the government?, Should casuals be allowed in school?, Should children above the age of 10 study in boarding schools?

Navya, Tanvi, Arnav Yadav and Anupriya participated in the **CBSE Reading Challenge** on 25th September, 2023. This challenge was organized to provide students with the opportunity to demonstrate their skills in reading and understanding the English and Hindi languages.

IHS NEWS

With great honour we announce that our Principal, Ms. Neelu Sharma has received three awards this month. She was awarded as **The Principal of the Year** by Education Excellence Conclave, **Top School Educator Award** by Principal Connect and **Innovative Principal Award** by Rishihood University, recognizing her excellence in holistic teaching practices and her outstanding dedication and unwavering commitment to the field of education. Her passion for education and outstanding contributions in the field of education are highly commendable.
