

IMPERIAL HERITAGE SCHOOL, SECTOR-102, GURUGRAM
MONTHLY PLANNER FOR OCTOBER
TODDLERS (2023-24)

"What we learn with pleasure we never forget." Alfred Mercier

Dear Parents,

Greetings!

October commences with its own beauty and brings moments of joy and happiness. This month adds extraordinary beauty in nature and the environment as compared to other seasons. It is also a month filled with various festivals and celebrations around the world.

Learning through hands-on activities is a highly effective way for children to absorb new concepts and carefully planned ones kept the little ones engaged during the month of September. Students participated in various activities to learn letters A, K, M, and N, along with numbers 6 and 7. They also explored rectangle shapes that helped them understand basic geometry. Additionally, learning about concepts like Inside and Outside through tangible experiences helped them grasp this abstract concept in a concrete manner. Exploring the theme - Animals, hands-on approach was used for students to learn about different types of animals and their habitats. They learnt about animals and their shadows in a creative and interactive method by using paper cutouts and stickers for virtual representation. They made animals with handprints and it helped to reinforce the idea of diversity in the animal kingdom. This kind of experiential learning encourages creativity and fine motor skills development.

The month of August closed with the celebration of Raksha Bandhan where students celebrated the auspicious bond of love between brothers and sisters and made rakhis for their loved ones at home. Celebrating National Sports Day, they participated in fun races.

Students also participated in the celebration of Lord Krishna's birthday as they created their own crown with colorful feathers and also watched a movie on Lord Krishna. Such celebrations help instill cultural and spiritual values from a young age. The second Saturday in the month of September is observed as World First Aid Day every year. Since seeing is believing, the school nurse showed the students a sample first aid kit and explained about the common items that they were aware of. Color Burst Activity centered around the color purple was a big hit! It was wonderful to see the students so engaged and happy to

explore their surroundings in this vibrant shade. Creating a beautiful purple octopus was a creative way for them to express themselves. Gandhi Jayanthi is a reminder to everyone of the value of non- violence and the tiny tots celebrated this national festival by making a pen stand of the three monkeys, depicting Gandhi Ji's ideologies.

The value of the month was Family. Family is the cornerstone of our lives, providing us with love, support and a sense of belonging. The meaning of the same was explained to the students by talking about the importance of family and the values they learnt from their family members.

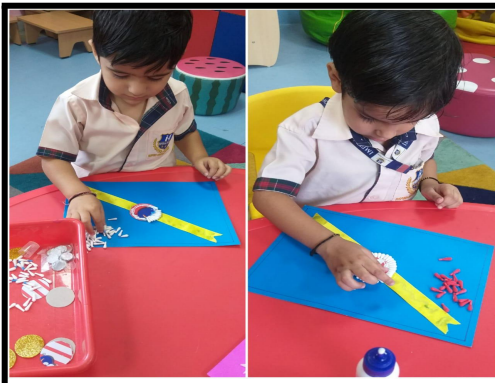

The bond between grandparents and grandchildren is truly special, and the little Toddlers created handprints with clay as a tangible keepsake for the grandparents to cherish. They painted their creations themselves, adding an extra layer of personal touch and love. The performance on the Ramayan theme during the Utsav Celebration is a touching way to show appreciation and make their grandparents happy. These experiences will undoubtedly create lasting memories for both the children and their grandparents. What a beautiful way to celebrate family and tradition!

Winners of National Sports Day Races-

POSITION	TODDLERS
I	Aarav Sharma
II	Devansh
III	Bhumanyu Sharma

IHS NEWS

It is with great honour that we announce that our Principal, Ms. Neelu Sharma has received three awards this month. She was nominated for The Principal of the Year by Education Excellence Conclave, Top School Educator Award by Principal Connect and Innovative Principal Award by Rishihood University, recognizing her excellence in holistic teaching practices and her outstanding dedication and unwavering commitment to the field of education. Her passion for education and her outstanding contributions in the field of education are highly commendable.
