MONTHLY PLANNER FOR MARCH - APRIL
GRADE X (2026-2027)

“Learning is the only thing the mind never exhausts, never fears, and never regrets.” - Leonardo da Vinci

Dear Parents,

Greetings from Imperial Heritage School!

As we step into a new academic session, the silent corridors eagerly await the laughter, excitement, and vibrant energy of our students. We look forward to another year filled with learning, growth, and cherished memories.

The year 2025-26 was truly remarkable, enriched with academics, activities, competitions, celebrations, and assessments. Our students not only excelled in their pursuits but also created lasting experiences. A highlight of the year was our grand Annual Day, *Yugantaran*, where a meaningful transition—celebrating past efforts while embracing new beginnings was beautifully showcased.

“This is a new year. A new beginning. And things will change.”

With this spirit, we are ready to welcome our students into a brand-new session, offering exciting learning experiences, engaging activities, and new opportunities for growth.

We look forward to a year of meaningful learning, inspiration, and achievement.

The academic session 2026 - 27 began on a warm and welcoming note as students were greeted with thoughtfully prepared **welcome cards**, creating a positive and inclusive classroom atmosphere from the very first day.

To further set the tone, a meaningful **first-day activity**, “MY DREAMS” was conducted, encouraging students to reflect on their personal Dos and Don’ts, Resolutions, Efforts, Ambitions, Motivation, and Strengths. This activity not only helped them gain a deeper understanding of themselves but also inspired a growth mindset for the journey ahead. It fostered confidence, self-awareness, and a sense of belonging, laying a strong foundation for a productive and engaging month.

Academics are not limited to the classroom; there is much more to learn beyond its walls. With this mindset, an educational trip to the **National Museum** was organized on 10th March for the students. The visit provided them with an enriching opportunity to explore history, art, and culture firsthand. It allowed students to connect classroom learning with real-world experiences, sparking curiosity and deepening their understanding. Such experiences play a vital role in making learning more meaningful, interactive, and memorable.

Having fun with friends and teachers is equally important for a child’s overall development. Keeping this in mind, a fun-filled trip to **Rocksport** was organized on 16th March for the students. The experience gave them an opportunity to unwind, bond with their peers, and build stronger connections with their teachers in

a relaxed environment. Through various engaging and adventurous activities like zip-lining, rock climbing, and mountaineering, students also developed teamwork, confidence, and a spirit of collaboration, making the trip both enjoyable and enriching.

Cyberbullying is one of the biggest threats in the current scenario. To raise awareness, children were shown an informative video about it. The video explained what cyberbullying is, how it can affect people emotionally and mentally, and the importance of being kind and respectful online. It also guided students on how to stay safe on the internet and encouraged them to report any harmful behavior to trusted adults.
