MONTHLY PLANNER FOR DECEMBER
Grade I (2021-2022)

Education is the most powerful weapon which you can use to change the world.

Dear Parents,
Greetings!!

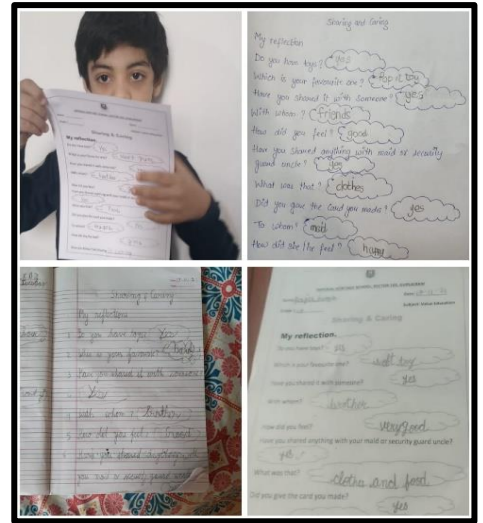

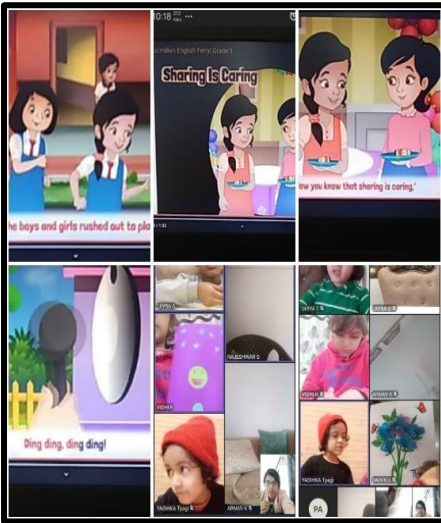

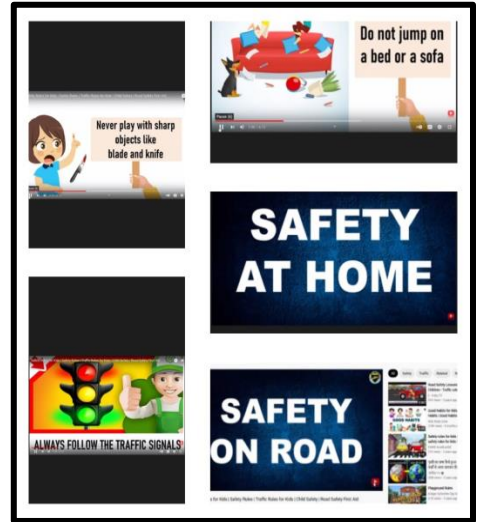

The month of November was filled with celebration of festivals, activities and learning of certain new concepts. The month of November focused on the holistic development of students.

The concept introduction of safety was done through a fun song, Stranger & Danger where students learned about keeping themselves safe from strangers. They also made a first aid box while learning about safety. Preposition topic was introduced through a box activity where student brought a box and a toy which was positioned after listening to the teacher's instructions. Further students made creative sentences using preposition words. It was fun to learn concept of multiplication using beans. Further, number line and skip counting activity was done to clear the concept followed by learning tables.

In this month of festival, students made a beautiful toran which was their home activity and a wall hanging craft during their hybrid class. Few of them used it to decorate their house door using handmade toran and wall hanging. Grade 3A presented a wonderful assembly on Diwali through which children learnt about the victory of good over evil.

Sharing is caring" is the value for the month. It is very important to inculcate this value in children at a very young age. Students shared about how they share their things with siblings, friends or the one who needs it. They have given their toys, clothes, footwear to their maid, security guard uncle. They felt very happy sharing that they brought smile on someone's face because they shared their things. They also made a beautiful card for their near and dear ones followed by My Reflection activity. Students reflected about how sharing makes them as well as others feel.
