MONTHLY PLANNER FOR DECEMBER
Grade II (2021-2022)

"Education is not preparation for life, education is life itself."

Dear Parents,

Greetings and good wishes!

Let's Welcome sweet December- "the season of senses with a sort of delightful menace in the air. December- the last month of the year but the beginning of a new adventure; time to take a risk and do the unexpected.

The month of November brought in cheer and joy as it was a continuation of festive season. It is the month of compassion and thus we celebrated special week of the month 'Caring and Sharing'. Satisfaction comes from sharing. Children have understood the importance of sharing with others so that they can make and keep friends, play cooperatively, take turns, negotiate, and cope with disappointment. Sharing teaches children about compromise and fairness. They learn that if we give a little to others, we can get some of what we want too. To make this week interesting and fruitful our students made flower bouquet and sharing box and gave it to helpers.

Students learn best through activities. On academic front also activities were planned. In mathematics "Lets do shopping" activity was organized to teach students how to use and calculate money. In English through Quiz grammar topic was taught to students. Hands on activity was also done to ensure the clarity of the concept. Moreover, the concept of day and night was explained through Globe.

We had plethora of class activities and competitions as well. The month started with Toran making and Rangoli with Geometrical figures competition. This was a huge success as students participated enthusiastically and used it to decorate their houses during Diwali. To sensitize students about the safety rules that we should follow on road class competition was organized.
