MONTHLY PLANNER FOR DECEMBER
CLASS VI- 2021-22

“Education is the most powerful weapon you can use to change the world.”
-Abdul Kalam

Dear Parents,

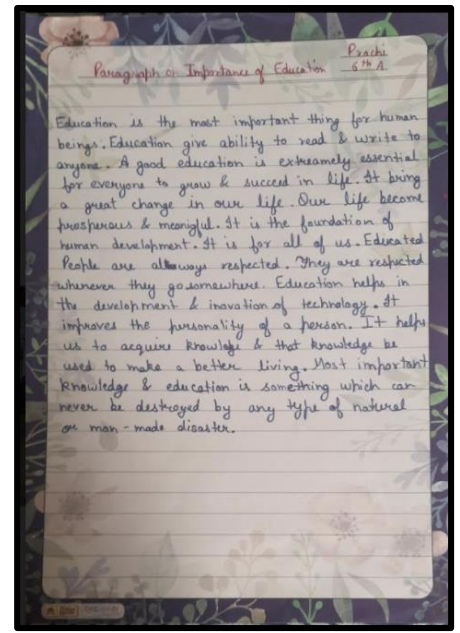

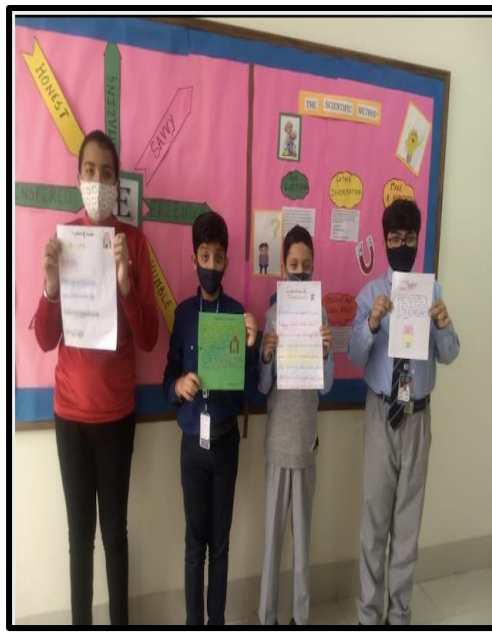

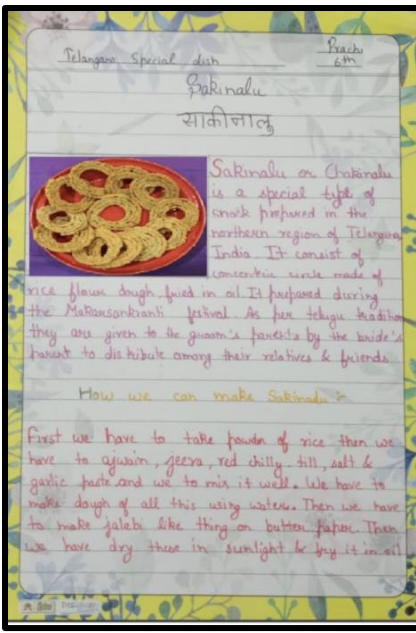

The month of December brings the winter solstice .December represents both endings and beginnings. It is a month for gathering with family and friends to reminisce about the completed year and think hopefully about what's to come. December is the last month of the calendar and brings with it celebrations like Christmas Day and New Year's Eve.

The month of November was full of opportunities to learn through activities that kept the students' spirits high. In science, measurement and motion topic was introduced where the children were sensitized about the SI unit and measurement of curved line through activity. In mathematics, students learnt a very interesting topic Algebra.

On behalf of IHS family I would like to thank you for supporting us in making a smooth transition to MS Teams.

November was full of excitement, hands on activities, completion of UT-3 syllabus. Our students participated in various activities such as 'Veer Gatha Activity'. To honour the acts of bravery and sacrifice of the officers / personnel of the Armed Forces, other lawfully constituted forces and civilians, Gallantry Awards are announced twice in a year. In order to disseminate the details of acts of bravery and the life stories of these brave-hearts among the students, it has been proposed by the Ministry of Defence that school students may be motivated to do projects/activities based on gallantry award winners. **November 11** is celebrated as National Education Day. We celebrated this day with students where our children wrote a paragraph on the 'Importance of education'. Moreover students enthusiastically participated in CBSE activity 'Ek Bharat Shrestha Bharat' where they wrote the recipes from their paired state Telangana.
