

IMPERIAL HERITAGE SCHOOL, SEC-102, GURUGRAM
MONTHLY PLANNER FOR JANUARY
GRADE-VI (2023-2024)

New month, new intentions, new goals, new light, and a new beginning. It is January!
- April Monterrosa

Dear Parents,
Greetings!

Heartiest wishes for a New Year!

January is undoubtedly infused with a spirit of new beginnings and fresh departures. The frosty month is marked with a lot of excitement and thrill to begin life afresh. Resolutions and promises are made to better oneself with determination. As the winter vacations start, the students cozy up in their warm blankets. Vacations are surely a time to rest and rejuvenate and the students surely deserve this break after the thundering success of Annual Day followed by the last cycle of Unit Test.

The much-awaited event of the current academic session- Annual day, ushered in the month of December. **Annual Function** is a vital event by which the students get a chance to display their talents in front of a big audience. A rainbow of colors unfurled on the stage as Imperial Heritage School celebrated its Annual Day amidst great zest, vibrancy, and elation. The act was a creative depiction of nine emotions of life, depicted elegantly through a combination of acting and dancing. The grand finale had the parents joining in and the show ended on a very high note. The third edition of the school magazine, **Abhyudaya**, was also released by the Chairman, Mr. Satpal Dahiya along with the editorial board. **Krishvee Prasad**, VI A, is a proud member of the school editorial board and has helped in the collecting and editing of the articles.

Fit India Movement: Fit India Week is a major program of the Fit India Movement, which emphasizes the importance of health and fitness among students, parents, and teachers. Class VI turned as passionate cricketers for the event and showed their batting, bowling and fielding skills during the week.

World Energy Conservation Day : The students designed Energy Slogan Banners to celebrate World Energy Conservation Day on 14th December. There is an urgent need to save energy by mindful ways. Switching off the lights and electrical gadgets is one small step that we all can take in our everyday lives to contribute to the global need of energy conservation.

Bhartiya Bhasha Utsav: To commemorate the birth anniversary of Mahakavi Subramania Bharati, Bharatiya Bhasha Ustav was celebrated on 11th December to create awareness about the Mahakavi Subramania Bharati as Bhartiya Bhasha Utsav. Teachers sensitized the students about his role in Bharatiya culture, arts, music, thoughts, and the bonds of unity and harmony of the people of Bharat. Students watched an informative video about his life and achievements.

The 3rd Expression Series was organized by CBSE on the theme 'Disaster risk resilience & reduction: Role of Citizen'. Students of Grade VI composed a 400-word essay on the theme 'Save water' in Hindi language.

The 34th Delhi State **ITF taekwondo championship** was held at the Thyagraj Stadium in New Delhi. We are proud to share that **Heyansh Singh** of VI B, and **Vaibhavi Lakhera** of VI A, both earned a gold medal in the boys and girls category respectively. Many congratulations to both of them!

National Mathematics Day : The day was celebrated with enthusiasm at our school, commemorating the birthday of the legendary mathematician Srinivasa Ramanujan. Students engaged in activities and games to enforce basic mathematical skills. Such interacting ways make learning enjoyable and help students grasp mathematical concepts in a more interactive manner.

Academics: Revision for the Unit Tests was done in all subjects. This was done via quizzes, written tests and verbal responses. In **English**, students covered Nouns and Adjectives. Students figured out who is tall-taller-tallest among them. They listened to the word as prompted by the teacher and categorized it as Abstract or Concrete using hand gestures. In **Science**, video clips were shown highlighting the concepts of water cycle and rain water harvesting followed by a discussion on techniques to conserve water. An activity was conducted showing oxygen is needed for burning and that air also occupies space.

Value of the month: A very important value, **Compassion**, was discussed in class. In Hindi, compassion is known as karuna. It is a feeling that arises when one is faced with another's suffering and feels motivated to relieve the suffering. The students of VI B discussed when they might have shown compassion to someone and helped them without any expectations. They saw a video in which a student helped another student in her studies.

3. General Information

- School timing is 8:30 am – 3:00 pm. The school gate will be closed at 8.35 am. No entry will be allowed post that.
- Students must carry the almanac to school daily.
- Parents should check the almanac and ERP app regularly for any information.
- Students should be in proper school uniform. Kindly use only black rubber bands, clips or hair bands.
- Students must wear ID cards daily.
- Leave application must be submitted to the class teacher, one -day prior in the case of pre-planned leave. In case of illness, a medical certificate must be submitted within three days of rejoining school. In case of long leave to attend important family functions, prior written permission of the Headmistress / Principal must be obtained.
- Please ensure that your child is not suffering from cold, cough or fever at the time of leaving home. Temperature test will be done for every student before entry into the school premises. A student showing any Covid-19 symptom will be sent back from the gate.
- If there is a Covid-19 positive case in the family, they must not send their child to school.

We look forward to your cooperation in helping our children grow and learn together.
