GURUGRAM MONTHLY PLANNER FOR JANUARY
Grade II (2021-2022)

"Develop a passion for learning. If you do, you will never cease to grow."

Dear Parents,

Wishing you a very happy and prosperous New Year!

Let us welcome the new year with hope and belief that everyone will continue to remain happy and healthy round the year.

December marks the end of the year and the onset of winter since the time Romans established their first calendar. December is also called the Christmas month as Jesus Christ was born on 25th of December. It is a religious and cultural celebration among billions of people around the world. The spirit of Christmas waves its magical wand over this world... and everything becomes beautiful and breathtaking! It is also a time of the year when we reflect on our achievements in the year gone by and set out plans for the coming year.

Our students were engaged in a few national and international events which are integral to holistic development of our students. To name a few, students celebrated "World Mountain Day" in which they showcased and talked about different mountains, for "Vijay Diwas" our students gave tribute to our great martyrs, for "National Mathematics Day" students made a clock and learned to utilize their time to the fullest, on "Kisan Diwas" children gave tribute to farmers through a poster making activity, "Science and Technology Day" was celebrated where students learnt the process of seed germination and the month ended with a "Christmas Activity" where students made a reindeer photo frame. The enthusiasm shown by the students was praiseworthy.

The value for the month of December was "Courage" Children were taught the importance of accepting mistakes and being truthful through a story telling session. On the academic front also, many activities were planned. In mathematics, "Measuring length" activity was organized to teach students how to measure things and then write in units (cm and m). In English "Verbs" and "Adverbs" were taught through a Quiz activity followed by hands on activity to ingrain the concept in the minds of the students. Students learnt about different seasons through activities for E.V.S.

We look forward to an equally engaging January.
