

IMPERIAL HERITAGE SCHOOL, SEC-102, GURUGRAM
MONTHLY PLANNER FOR JANUARY
Grade III (2021-2022)

*“Believe in yourself. You are braver than you think, more talented than you know,
and capable of more than you imagine.”*

— Roy T. Bennett

Dear Parents, Greetings!

Wishing you all a very happy and prosperous New Year!

The Value for the month of December was Courage. Courage is the secret sauce that allows you to act despite your fears. Courage gives you the ability to put aside your fear of failure and take the first steps. Courage helps you overcome the fear of rejection and engage with your stakeholders. If someone has courage, it is said that they are courageous, standing up for what they believe in.

“The best view comes after the hardest climb.” “Every mountain top is within reach if you just keep climbing.” “Every man should pull a boat over a mountain once in his life.” “We are now in the mountains and they are in us, kindling enthusiasm, making every nerve quiver, filling every pore and cell of us.” International Mountain day is celebrated annually on 11th December to create awareness about the importance of mountains to life. Grade III students did a poster making activity on „Save Mountains, Save Aravalis.“

The initiative „Ek Bharat Shreshtha Bharat“ was announced by Hon'ble Prime Minister on 31st October, 2015 on the occasion of the 140th birth anniversary of Sardar Vallabhbhai Patel. Through this innovative measure, the knowledge of the culture, traditions and practices of different states & UTs will lead to an enhanced understanding and bonding between the states, thereby strengthening the unity and integrity of India. To spread the awareness for the same, CBSE had organized an activity in which students had illustrated beautiful posters on folk art of Telangana.

The Indian farmer grows crops not just for his own family but for all the families of our country. His wealth is his crop. If the farmers were to give up their occupation, then the people of our country would starve to death. Kisan Diwas is celebrated every year on the 23rd of December nationwide with great enthusiasm to praise the farmers as they are the spine of India. The day also embarks the birth anniversary of the Indian Farmer’s leader and the former Prime Minister of India, Chaudhary Charan Singh and to celebrate this day, an activity was conducted for the students of Grade III where they were told about the difference between types of Pulses, Cereals, Millets and Oil Seeds.

Science and technology are important parts of our day to day life. We get up in the morning with the ringing of our alarm clocks and go to bed at night after switching our lights off. All these luxuries that we are able to afford are a resultant of progress in the field of science and technology. So, to celebrate the event children of Grade III participated in an inter house activity which was „Toys out of Waste“. In this activity students made different types of toys out of the waste available at their house. They made some creative and innovative toys by using their creative mind.

India celebrates National Mathematics Day on December 22 every year. The day marks the birth anniversary of the famous mathematician Srinivasa Ramanujan. To make our children understand the importance of this day, we had organized a quiz in that all the students participated enthusiastically and gave answers of different questions asked to them during the quiz.

IHS NEWS:

This year we brought to you Maadhyam – “Latitudes and Longitudes and Everything in Between“ Showcasing Geography. The participants weaved Art, Geography and Technology and bring forth a plethora of ideas and concepts. Madhyam was our annual event in which many schools from Gurugram participated. In the event „THROUGH THE AGES“ Students of Grade III, Bhumi and Jigyasa participated where they presented the evolution of homosapiens and secured the first position.

MATHS

Fractions represent equal parts of a whole or collection. To make students better understand the concept of Fractions, students of Grade III had done an activity. On a sheet of paper, they had drawn different shapes and divided all shapes into different fractions and they also understood a few terms related to it like numerator, denominator, and division line.

HINDI

आज इंपीरियल हेरिटेज स्कूल में दिनांक १४-१२-२१ को कक्षा तीसरी से संबंधित रचनात्मक गतिविधि का आयोजन किया गया। इस गतिविधि में छात्रों को यह कल्पना करनी थी कि अगर उनके पास उनका प्रिय तोता होता तो वे इसकी देखभाल किस प्रकार कर पाते? इस गतिविधि में सभी विद्यार्थियों ने बड़ी ही उत्सुकता से भाग लिया व आनंद भी उठाया।

EVS

The earth has a limited amount of water. This water keeps going around and around in what we call the Water Cycle. Children of Grade III did an experiment related to their chapter – Using water wisely, in which they learned about the „Water Cycle“ and how it works. This activity was done under the supervision of their parents. The students enjoyed the activity and understood the concept clearly.

ENGLISH

Our teeth have such an important role to play in our lives. They help us chew and digest food, they help us to talk and speak clearly and they also give our face its shape. A smile also has other day-to-day benefits. Students of Grade III also understood the importance of “Healthy Teeth” and did an activity, which was Poster making on Healthy Teeth”, related to their English coursebook chapter - Tooth Troubles.

This time of year is perfect for teaching kids about gratitude and recognizing all of the things for which they can be grateful. Children of Grade III made a “Thank You Card” by using vegetables and paint colors as it was the part of their „Creative writing skills“ and they thoroughly enjoyed the activity. This activity helped them in connecting with their writing skills as well as with their creative side.

3. General Information

For students opting for online classes:

- Parents should read all messages sent on the broadcast group.
- Parents should be aware of the timetable of their ward, including extra classes.
- Please ensure that your ward is well rested and has eaten breakfast before the session starts.
- All students must join their classes on time and avoid any distractions around them.
- All students to be ready with their text books, notebooks and stationery items.
- Parents to ensure that sitting posture of their ward is correct to avoid backache.
- Please ensure that the students are well turned out, preferably in school uniform.
- Please ensure that the background is neat and tidy.
- Students to be on mute until prompted otherwise by the teacher.
- Any misbehaviour or attempt to disrupt the class will invite disciplinary action.
- Parents should ensure that their ward has the video and audio on at all times during the classes.
- Parents should check the internet connection on a daily basis to ensure that their ward doesn't miss classes.
- In case a student is missing classes for the day, the parent must call the class teacher or send an email. A message will not be accepted.
- Parents should ensure that their ward is ready for class- bathed, had breakfast, with books for the day.

- Parents should check the ERP for homework and other circulars uploaded.
- Parents should encourage their ward to participate in all class activities and competitions.
- Parents should ensure that all written assignments are completed on time and emailed to the subject teacher.
- All students to log out as soon as the teacher dismisses the class.

For students opting for offline classes:

- School timings are from 8:30 am to 2:30pm. Kindly adhere to the time. Students arriving later than 8:30am will not be allowed entry into the school.
- Students to carry their old ID Card to school every day along with Parent Consent Form.
- Students to wear mask at all times.
- Students to carry their own sanitizer, lunch box, water bottle, books and stationery. No sharing of any item among students is allowed.
- Handshaking, touching or hugging friends is not allowed.

Additional information:

- Students wishing to opt for offline classes from online classes have to carry duly filled consent form along with photocopies of vaccination certificates of family members.
- The teachers are willing to address the queries and clear doubts of students, if any. You may call the teachers from Monday to Friday between 5:00 p.m. and 6:00 p.m. or send text message regarding the same.

We look forward to your cooperation in helping our children grow and learn together.
