MONTHLY PLANNER FOR JANUARY
Grade VII (2021-2022)

“The best journey of life that you can take is inside yourself to discover your new thoughts, new ideas, and new hopes.”

— Debasish Mridha

Dear Parents,

Greetings!

“Warm wishes on New Year! May our students work harder to achieve their goals and find success in everything they do.”

New year is considered pretty important by many as it signifies the beginning. New Year is not just about celebrations and resolutions; it is more than what meets the eye. It symbolizes motivation for many new beginnings. Another new 365-day journey begins with the New Year eve being the first day; all kinds of newness into life: new opportunities, new concerns, new surprises. With every new year comes a clean slate — so, let’s do this with fresh start.

As very rightly said by the poet John P. Read

**Brush away old heartaches. Learn from our mistakes.
Another year is finally over. A new dawn awakes.
Let the old year out. Welcome the new one in.
Bury the bad things of the past, as a new year now begins.
Make your New Year wishes, as simple as you can.
Pray for peace and love, not for wealth or fame.**

The month of December was associated with completion of the academic planning, writing Unit Test -III and well-designed cocurricular activities. Students were assessed, reviewed and guided by the mentors. Reviewing an exam can help one determine what one knows and what still needs to be worked on.

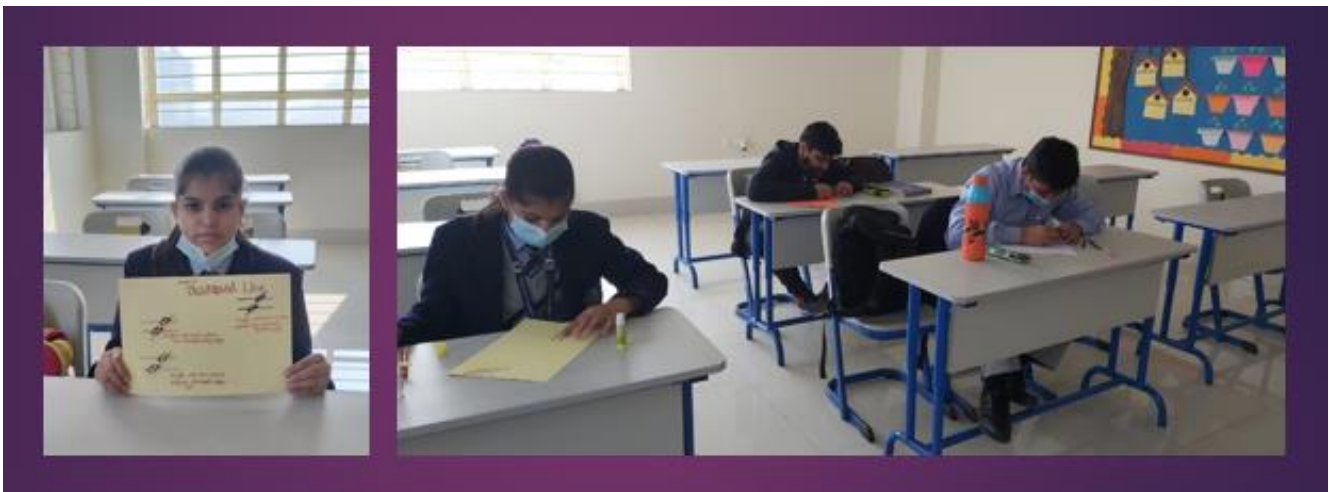

We, at IHS, believe in creating opportunities where students get a chance to become Explorers, Enquirers and Presenters, while developing their Creativity, Critical Thinking and Communication. This year we brought **Maadhyam- “Latitudes and Longitudes and Everything in Between”** showcasing Geography. The events were carefully designed to give the participants wings to their imagination and to bring it to life. Grade VII students participated in the event **Tribal Glory** and bagged first prize.

Playing sports teaches lessons of life, such as teamwork, accountability, self-confidence, responsibility, and self-discipline. Sports in school help prepare students to face the challenges of life. Sports enhance physical and mental abilities of students and help them achieve the goals of their life. In consonance with this thought process, **Sports Day** was observed for the offline students.

As part of **CBSE Activity- Veer Gatha**, students framed projects on Gallantry Award and Winners. **National Mathematics Day** was observed on every year on 22nd December. This day is celebrated since 2012 to commemorate the birth anniversary of Mathematician Srinivasa Ramanujan. This year nation celebrated 134th birth anniversary of Ramanujan. Last week of the month was celebrated as ‘**Science and Technology Week**’, wherein online as well as offline students took part in **Science and Technology Quiz**, conducted on **Kahoot platform**.
