

IMPERIAL HERITAGE SCHOOL, SEC-102, GURUGRAM
MONTHLY PLANNER FOR JANUARY
Grade IX (2021- 22)

“No winter lasts forever; no spring skips its turn.”
~ Hal Borland

Dear Parents,

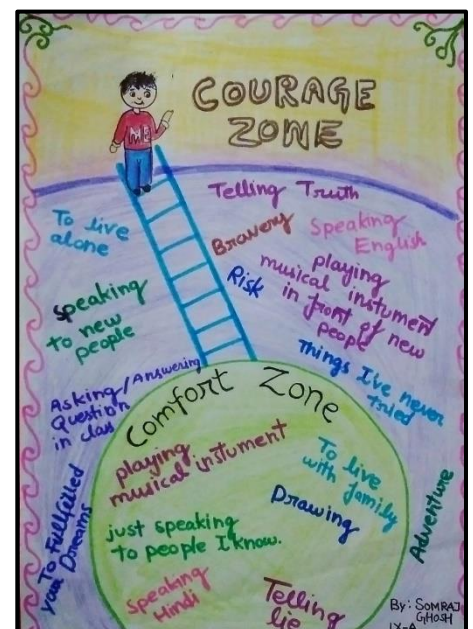

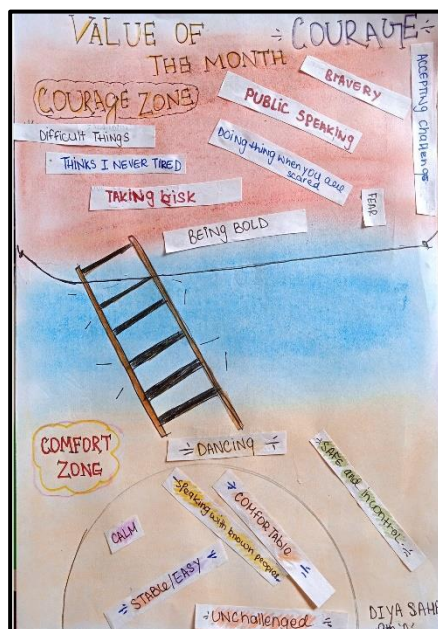

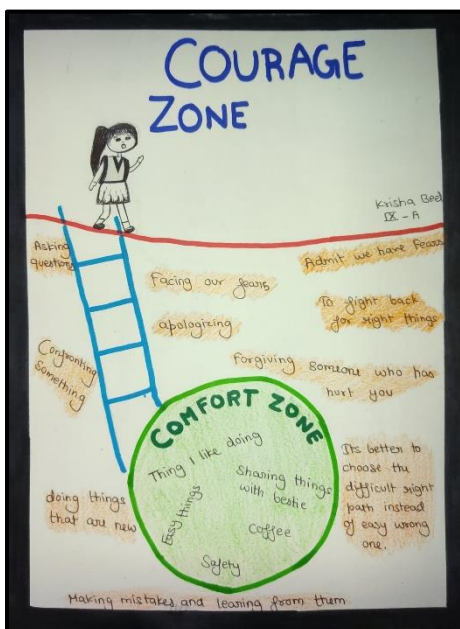

Cheers to Health, Happiness, and Prosperity in 2022!

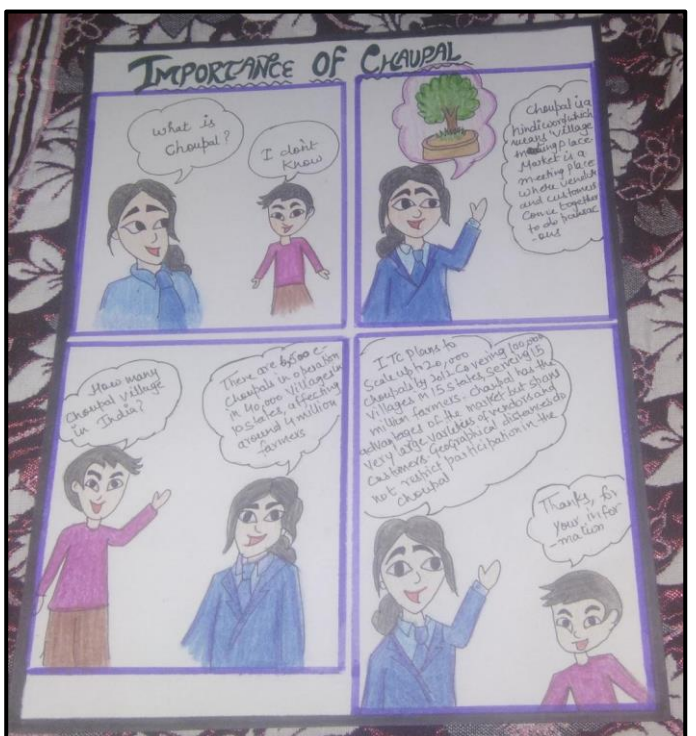

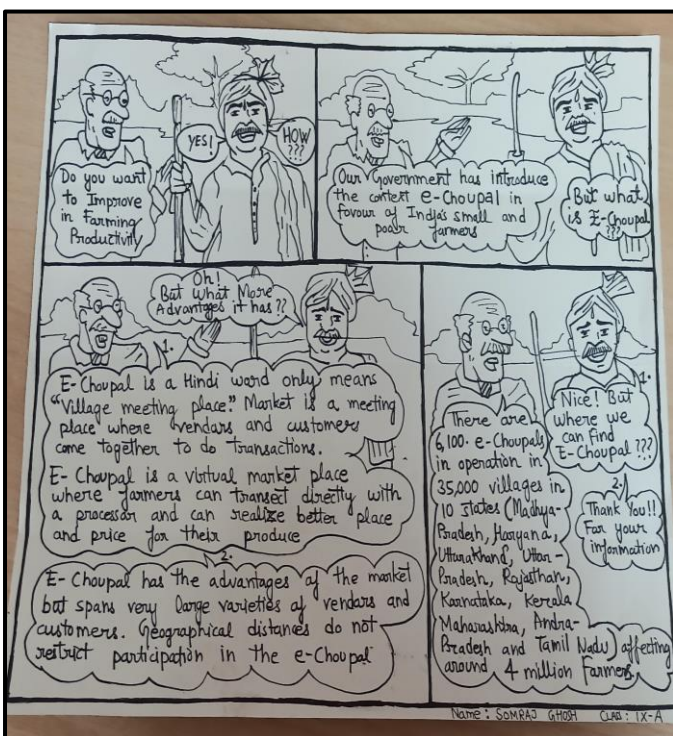

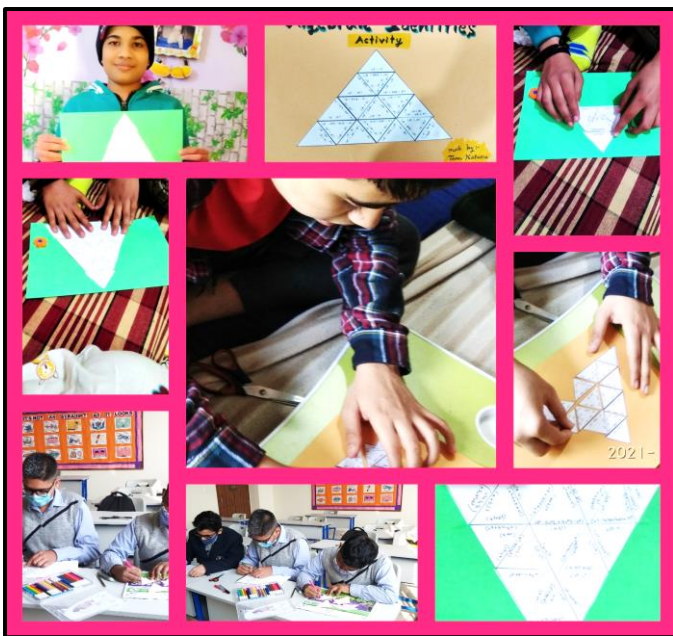

As we start a new year with renewed hope, the above quote keeps us going. The one thing that we all learnt in 2021 is the power of being positive. The year was long, it was difficult, 2022 also looks grim, yet we have braved it and will continue to do so.

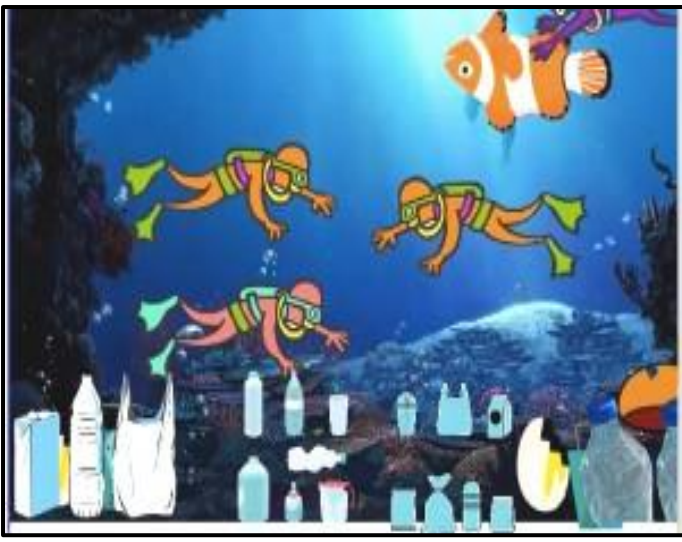

The students also wove this feeling into their school life by discussing the value of the month- *Courage*. They talked about things that were easy to do and things that needed courage. It was an interesting activity as some honestly wrote that telling a lie was easy, but just admitting that one is scared requires courage. Moving onto another aspects, students stepped into the school grounds and had a series of *mixed races and Tug- o- War*, of course while maintaining social distancing. While this activity was done only by the off-line students, but the spirits were very high, as they cheered for their respective houses. On the academic front, students actively engaged in celebrating *National Mathematics Day* on Algebraic Expressions where they solved a puzzle based on the same. It was challenging and time consuming and enjoyed by all. On the occasion of Kisan Diwas, students engaged with the Social Science teacher and discussed e- chaupals and created beautiful cartoon strips, showcasing the same.

The school believes in creating opportunities where students get a chance to become Explorers, Enquirers and Presenters, while developing their Creativity, Critical Thinking and Communication and hosted **Maadhyam- Latitudes and Longitudes and Everything in Between, Showcasing Geography** on 28th December 2021. The Interschool Competition was based on different aspects of Geography- animals in the zoo, extinct animals and birds, evolution of homosapeins, a smart city, tribal fusion dance and plastic in the ocean and over 25 leading schools of Gurgaon participated. Hanshika Jindal and Diya Sahay of our class participated in *The World from Beyond my Window*- making an animated movie on plastic in the ocean-showcasing one of the Sustainable Development Goals- Life Below Water and secured the III position.

The year drew to an end and the school closed for the winter break, drawing its strength from a quote by Daniel Kahnem- *“It’s a wonderful thing to be optimistic. It keeps you healthy and it keeps you resilient.”*
