

IMPERIAL HERITAGE SCHOOL, SECTOR-102, GURUGRAM
MONTHLY PLANNER FOR JULY
LKG (2025-2026)

"The future belongs to those who believe in the beauty of their dreams."
- Eleanor Roosevelt

Dear Parents,
Greetings!

Welcome back after the summer break! As the school comes alive once more, there's a sense of fresh energy, renewed enthusiasm, and the promise of new beginnings. With sunny memories still in our hearts, it's time to step into a season of learning, growth, and creativity. Here's to a joyful and inspiring journey ahead, filled with meaningful moments and shared smiles.

April and May brought new beginnings with the vibrant spring season, and for our young learners, it marked the start of an exciting new journey filled with fresh learning experiences- a perfect time for growth, discovery, and blossoming minds. Our young learners have made tremendous progress, acquiring new knowledge and skills in academics, as well as exploring their creativity through various activities. Their enthusiasm and eagerness to learn are truly inspiring.

The welcome assembly was a cheerful start to the school year, where teachers warmly greeted the children with lively dance and singing performances. Their enthusiasm created a joyful and energetic atmosphere, helping students feel excited, comfortable, and ready to begin their new journey at school. The highlight of the morning was a heartfelt message from the Principal, who welcomed the students with warm wishes and inspiring words. She encouraged them to embrace each day with curiosity, kindness, and confidence, reminding them that the school is a place where they will learn, grow, and create beautiful memories.

On the first day of school, the children were introduced to their new learning environment through fun and engaging activities that filled the classrooms with excitement and laughter. They eagerly explored their surroundings, met new friends, and participated in creative tasks designed to make them feel at home. One especially joyful moment was the **hand printing activity**, where little hands dipped in bright colours left cheerful marks on paper — a beautiful way to capture their first day and create lasting memories. The smiles, giggles, and wide-eyed wonder made it clear that the children were truly excited to begin their new journey.

As part of the **Baisakhi celebration**, the 'Let's Grow Wheat' craft activity gave children the chance to plant wheat seeds while learning about the harvest festival. Through this hands-on experience, they explored the joy of planting and understood the cultural importance of the occasion.

The excitement continued with **Colour Burst – Green**, a fun-filled celebration of Green Colour Day. A vibrant green corner was set up in the classroom, and children enjoyed various playful activities, including the creative **Leaf Rabbit Craft**. These activities helped them explore textures and shapes while deepening their understanding of the colour green in an enjoyable way.

Academic learning in the classroom was thoughtfully integrated with a variety of engaging activities. Through hands-on tasks, interactive sessions, and creative exercises, concepts were made clear and enjoyable. These activities not only supported academic understanding but also encouraged curiosity, participation, and critical thinking, making learning a meaningful and joyful experience for all. The students began their **Literacy** journey with pattern strokes, which laid the foundation for letter formation. They were introduced to the letters Aa, Bb, Cc, and Dd along with their phonic sounds. These concepts were reinforced through a variety of engaging and interactive classroom activities, like clay moulding, sorting of flash cards, various objects starting with the letter sound, helping children associate sounds with letters and improving their early writing skills. In **Numeracy**, our young learners had an exciting time exploring the concept of Tens and Ones, mastering the skills to identify and write numbers under place values. Through engaging activities like abacus-based learning, they grasped the concept of tens and ones. Additionally, they discovered the shape Circle and learned about Big and Small through fun sorting activities. Other interactive experiences included quantification through count-and-paste exercises and rote counting, all designed to build a solid foundation in basic mathematical concepts. Under the theme 'Me and Myself' in **EVS**, our young learners embarked on a journey of self-discovery and exploration. They gained knowledge about their own identity and surroundings through engaging topics like body parts, five senses, family structures, and more. Interactive activities, storytelling, and visual aids brought these concepts to life, helping them understand their place within their families, homes, schools, and communities. The emphasis on health and hygiene further empowered them to take care of themselves. This theme-based learning approach fostered a deeper connection with their own selves and the world around them.

During **Environment Week**, our young learners participated in a series of engaging activities designed to raise awareness about nature and sustainability. They took part in the *Happy Earth Craft*, where they expressed their love for the planet through creative artwork depicting both happy and sad Earths. This thoughtful activity encouraged them to reflect on the impact of human actions and make a personal promise to care for the environment. As part of the *Each One Plant One* initiative, children excitedly planted saplings, gaining hands-on experience and learning the importance of trees in sustaining life. Their enthusiasm for nurturing plants reflected a growing sense of environmental responsibility. Adding to the week's excitement, the *Recycled Craft* activity gave students the chance to turn discarded materials into imaginative creations. This not only strengthened their artistic skills but also helped them understand the importance of reusing and recycling. Overall, the week was a vibrant celebration of nature, planting seeds of eco-consciousness in young minds.

As part of the **Colourful Me Activity (Theme Craft)**, our young artists joyfully created vibrant self-portraits that reflected their unique personalities and preferences. This engaging activity encouraged them to explore their individuality through colours, patterns, and imaginative details. It was a wonderful opportunity for children to express themselves freely, celebrate what makes them special, and take pride in their creativity. The end result was a delightful collection of colourful and personalized artworks, each one as unique as the child who made it.

The **Mother's Day Celebration** was a heartwarming event filled with love, joy, and appreciation. Students enthusiastically created beautiful cards and thoughtful crafts to express their affection for their mothers. They also rehearsed and performed delightful dances and songs, sharing their feelings through music and movement, celebrating the special bond they share with their mothers.

Bagless Day was a refreshing break from routine, filled with joy, energy, and hands-on learning. Without their school bags, children embraced a day packed with interactive and play-based activities. They enjoyed lively Zumba sessions, explored the outdoors during a peaceful nature walk, took part in thrilling sports, and even engaged in some fun screen-based learning. The day was filled with laughter, movement, and memorable moments that brought learning to life in the most enjoyable way.

To end the month on a high note, the school hosted a **Summer Party** that brought smiles all around. Children celebrated the season with cool treats, upbeat music, and exciting games that kept their spirits high. The highlight of the day was the thrilling rain dance, where the little ones danced with joy while learning about the summer season. It was a perfect mix of fun and learning, making it a day to remember!

The final day of school was packed with laughter and excitement! The children enjoyed a movie screening, joined in lively games, and delighted in watching their teachers perform the story of the Monkey and the Cap Seller. It was a cheerful farewell that left everyone beaming with smiles and warm feelings as they set off for the summer holidays!

The **Proficiency Ceremony** for Academic session 2024-25 was a joyful celebration honoring the outstanding achievements and progress of our children. It was a moment of pride and happiness for students, parents, and teachers alike, recognizing the dedication, effort, and growth that shaped their learning journey. The event highlighted not just academic success but also the development of important skills, confidence, and a love for learning. Heartfelt applause and encouraging words filled the room, inspiring our young learners to continue striving for excellence in all they do.

PROFICIENCY	LKG	LKG B
I		Arshita Chand
II		Misha Singh
III	Divija Yadav	

To encourage students to try their best every day, the Star Performer of the Month award is given every month. To win, students should speak in English, follow the rules, wear full uniform, and take part in all class activities.

STAR PERFORMERS FOR THE MONTH OF APRIL/MAY

MONTH	LKG A	LKG B
April	Aavika Bhandari	Misha Singh
May	Paridhi Bhojne	Jiyanshi Singh

On International Yoga Day, students were encouraged to celebrate wellness by practicing yoga at home with their families during the holiday break. This initiative aimed to promote mindfulness, togetherness, and healthy living beyond the classroom.

IHS NEWS: Imperial Heritage School Celebrates 100% Success in CBSE Board Exams!

We are thrilled to share that our students have achieved a 100% pass rate in both Grade X and XII CBSE Board Examinations! With outstanding performances across all subjects and numerous students scoring distinctions, this success is a proud moment for the entire Imperial Heritage School community. This remarkable accomplishment is a result of our students' perseverance, our teachers' dedication, and the constant encouragement from our parents. Heartfelt congratulations to our achievers, mentors, and supportive families — together, we shine brighter!

Syllabus for the month of July
