**MONTHLY PLANNER FOR JULY**  
**GRADE I (2023-2024)**

*“Children are the world’s most valuable resource and it’s best hope for the future.” ~John F. Kennedy*

Dear Parents,

The months of April and May were amazing. First day at school opens doors to unknown experiences and opportunities. Students of Grade I were all excited to come to school and looked forward to meeting old friends and making new ones.

The day began with a warm welcome by the teachers through a captivating assembly. The students then got adjusted to their new class room and enjoyed the day doing an activity where they wrote their name on a school bus, indicating their first day at school.

One week of recapitulation was done to make the students comfortable in their new class and to help build a rapport with their teachers.

Celebrating the festival of Baisakhi, they rejoiced by making a beautiful card with special Baisakhi wishes.

Environment Week was celebrated in school where the students created a beautiful garden scene using dried leaves and flowers. They also did a Reduce- Reuse- Recycle activity. Both activities were engaging and the students tried to share their little knowledge with the teacher and their peers. They also enthusiastically participated in the Intra Class Competition and beautifully showcased Best Out of Waste Things and spoke about them. Their innovative ideas and creativity was evident in this competition.

As rightly said by Benjamin Franklin, “Tell me and I forget, teach me and I may remember, involve me and I learn”. Concepts were introduced with the help of experiential learning where the children correlated concepts taught with their surroundings. They could find different naming words in their surroundings, how they use their sense organs etc and were involved in different activities for better understanding.

Mother’s Day is a special day, for all children and mothers as it celebrates the bond of love and affection that is everlasting. Mothers are the emotional backbone of the family, who have the magic touch to heal all wounds and make all things beautiful. Students made a beautiful card for their mothers and enjoyed doing cooking without fire activity along with their mothers as a part of Mother’s Day celebration. They enjoyed the ramp walk and dance with their mothers and teachers. They were very excited to serve the dishes to everyone and showed their love and care by presenting a clay heart memento to their mothers.

On the last working day before going for vacation, children enjoyed a class party and rejuvenated themselves.

Discussions were done for the value of the month- Respect, wherein students shared their thoughts on how they show respect towards people and things.
