**MONTHLY PLANNER FOR JULY**  
**Grade VII (2023-2024)**

*"Education doesn't just make us smarter. It makes us whole." ~Dr. Jill Biden*

Dear Parents,  
Greetings!!

We hope our students enjoyed a wonderful summer vacation and are relaxed, recharged, and ready for re-joining. Team IHS welcomes and values your positive energy and dedication towards your ward's excellence in education. We look forward to a productive partnership with you to ensure our children can achieve their highest potential.

The months of April and May brought in the new academic year which came with a plethora of new experiences. The welcome assembly was conducted by the teachers who welcomed the students. At the beginning of the new session concept bridging was done in the classes wherein the students recapitulated the concepts done in the previous grade. Welcome card was given to the students by the class teacher to welcome the students with open arms to the new class.

Celebrating the **Environment Week** many activities were planned like **Inter House Competition, Quiz, Activities like Habitats and Food Webs , Ugly Journey of our Trash Research and , Framing of Nature Centered Curriculum.**

During these months students were involved with many curricular and co-curricular activities. Students enthusiastically participated in various class activities and competitions such as **Jallianwala Bagh Massacre** where they made a scrapbook on the Black Day of Indian History, and **Heritage Day** which was celebrated to honor and protect the World Culture and Natural Heritage. The theme for World Heritage Day 2023 focused on the crucial issue of climate action and its relation to cultural heritage. Students made beautiful envelopes showcasing **the Wonders of the world.**

**World Day for Safety and Health of Workers** was conducted with great enthusiasm where students made brochures on safety measures to be taken at the workplace. **International Labour Day** sensitized the students about paying respect to the people who work for the school. In the Inter House Quiz competition the first position was bagged by Akshat (Challengers House), second position was bagged by Archit Patel (Champions House) and the third position was bagged by Samaira Kandelwal (Warriors House).

**Cyber safety** is all about staying safe online and being aware of the potential risks of using the Internet. As the world becomes increasingly digital, it is important to teach children about cyber safety to help them navigate the online world safely. Imperial Heritage School organized a Cyber workshop for students by renowned Cyber expert, Dr. Rakshit Tandon, Cyber Security Evangelist- Risk Advisory, Cyber Detect & Respond Leader to discuss the importance of teaching children about cyber security, tips to educate them about cyber security risks and tools to help them learn.

**International Exchange** programs are meant to introduce fellow members of different communities to one another and to help them learn about International Youth Connections Meeting. Global Citizens Community meet was held on May 13th, 2023. The Global meet was attended by the students from India, USA, Korea, Ghana, Morocco, Spain, Romania, Uganda, Uzbekistan, Vietnam, and Indonesia, along with their facilitators. **Samaira Khandelwal** graced the evening by giving a virtual school tour. **Jasmin Kaur** presented a dance which was a delightful sight for our global friends.

**MUN** teaches participants skills like research, public speaking, debating, and writing, in addition to critical thinking, teamwork, and leadership. While MUN is typically used as an extracurricular activity, our students

Samaira Khandelwal, Jasmin Kaur, Naisha Bhatia, Haizel Malik, Archit Patel attended the first session for understanding the core of this platform.

The importance of **Yoga** can be found in its ability to better the mental functioning of an individual. Students who practice Yoga have better control over their emotions and impulses and therefore are pragmatic and make meaningful decisions in life. A yoga session conducted helped the students to get a deep connection with their soul and refreshed their mind.

**Classroom celebrations** of student learning offer important opportunities to develop positive relationships between the students. It helps to build connections, skill development, grow relationships, develop social etiquette. To mark their friendship goals too the students had a wonderful time celebrating the last day with their friends before officially closing down for the Summer Vacations.

Returning to school would be exciting as well as challenging as they would be engaged in a lot of scholastic and co-scholastic activities. Let July be the month to excel and have more fun!

Values are an integral part of the curriculum and with the value of the month **Respect**, students were engaged in moral based discussion during the teaching learning process.
