

IMPERIAL HERITAGE SCHOOL, SECTOR-102, GURUGRAM
MONTHLY PLANNER FOR JULY
NURSERY (2023-24)

“If we want our children to move mountains, we first have to let them get out of the chairs.”
~Dana Stewart Scott

Dear Parents,

Welcome back!!! We are sure that the students are all energized and have had a great vacation. A new month of learning along with playing awaits them.

We, at Imperial Heritage School, not only enhance creativity, but also believe that we are born with it. It was a great learning experience as a partner in nurturing the seeds of learning throughout the month.

The new session started with great zest and the students were made comfortable in their new class. They enjoyed the first day doing My School Bag Craft. The festival of Baisakhi was celebrated with a wheat pasting craft to emphasize the importance of wheat.

Celebrating Environment Week, the students learnt about planet Earth, by doing the activities on how to save our planet. They did Save Water, Save Life Craft and Fly Like a Butterfly Craft. They also participated in the Mother Nature Show and Tell Intra Class Competition.

Students explored colors of Nature by celebrating Green Day, and learnt about all the green vegetables and the green color objects around them. They did a Caterpillar Craft to further their recognition of the color. The Theme for the month was All About Me-knowing my body parts and its functions. Students enjoyed learning about the five senses and also learnt about their functions. In another class, they learnt to make a difference between Big and Small through objects around them. Pottery Class was fun as students created new things with clay.

The little ones enjoyed Mother's Day with their lovely mothers by walking the ramp with them. They were happy to see them at school, in their class, and loved doing the Cooking without Fire Parent Involvement Activity together.

The last day was fun as everyone had a great class party and enjoyed sharing food with the teachers and friends.

Congratulations!!!!
