

IMPERIAL HERITAGE SCHOOL, SEC-102, GURUGRAM
MONTHLY PLANNER FOR NOVEMBER
Grade X (2025-2026)

"Education is not the filling of a pail, but the lighting of a fire."
– William Butler Yeats

Dear Parents,
Greetings!

With the successful completion of Term-I, we have stepped into Term-II. The month of October was full of joyful learning and festivities. Let us welcome November with zeal. We expect the same support from you for Term II. Let this new month bring great miracles, new adventures, and incredible experiences for you.

Examinations are not just a test of memory, but a reflection of consistent learning and understanding. They help students assess their progress and identify areas for improvement. The **Term 1 PTM** was conducted successfully on 11th October, providing a valuable platform for parents and teachers to discuss each student's performance.

Term I Result on ERP: Term I results were published on the ERP system on 17th October, allowing students and parents to review academic performance. This transparency helped in identifying areas of improvement and planning for future academic goals.

Excitement fills the atmosphere at every event, as participants of different schools across all age groups showcased their talents with passion and determination in the **Inter School Event - Maadhyam** hosted by Imperial Heritage School on 15th October 2025. From the enthusiastic little ones in Pre-Primary to the seasoned competitors in Grade XII, the energy was palpable. The theme of the event was "Reboot the Bard: Speak, Create, Evolve". **Anupriya Kumari** from Grade X participated in the event - **Bard Battles – Shakespearean Character Debates**.

Model United Nations is a simulation of the United Nations conference where students role-play as delegates of different countries and attempt to solve real-world issues with the policies and perspectives of their assigned portfolios. With this motto, on 10th and 11th October, Blue Bells Models School hosted the **BBIMUN'25**. **Mayra Rampal** participated in the event with an aim to dig deep and research, brainstorm, and come up with solutions for the gravest of issues.

The month of October ushers in the festive season and the spirit of caring and sharing. To express our love and gratitude to the members of society by sharing and caring for them, the school organised a **Donation Drive** for the old and destitutes of Earth Saviours Foundation. The students and the teachers generously donated to this noble cause.

As part of the Caring and Sharing Week, a joyful **Potluck** was conducted where students shared homemade dishes, celebrating the values of kindness, cooperation, and sharing.

A **Rangoli Making Inter-House Competition** was organized on 9th October as part of the Diwali celebrations. The event provided students with an opportunity to showcase their creativity and artistic skills through vibrant and intricate designs symbolizing the spirit of the festival. Navya from Warriors House bagged the 1st position, **Anupriya Kumari** from Leaders House secured the 2nd position, and **Riyanshi**

Agarwal from Champions stood 3rd. The competition added colour and festivity to the celebrations, reflecting students' enthusiasm and cultural expression.

The Aryabhata Challenge, an initiative by CBSE, was conducted in the school to promote logical reasoning, problem-solving, and mathematical thinking among students. Enthusiastic participants showcased their love for mathematics through active involvement, creative problem-solving, and innovative ideas, reflecting their curiosity and passion for the subject. The top 4 Participants were **Utkarsha Tyagi, Riyanshi Agarwal, Anupriya, and Arnav Chauhan**.

Project Veer Gatha was instituted to disseminate the inspiring stories and acts of bravery of the Gallantry Awardees among students. The initiative seeks to acquaint young minds with the courage, sacrifice, and patriotism of these brave hearts, fostering a sense of national pride and gratitude. As part of this initiative, our students designed informative and visually appealing PowerPoint presentations (PPTs) highlighting the valour and dedication of these real-life heroes.

Role Play – Educating through Enacting was conducted with reference to the play– ‘The Book that Saved the Earth’ in Grade X English NCERT textbook. This activity was done to enable the students to understand the plot and characters, and the sequence of incidents in the play. The objective of this event was to unveil the diverse competencies of students and also to help them develop necessary language skills.

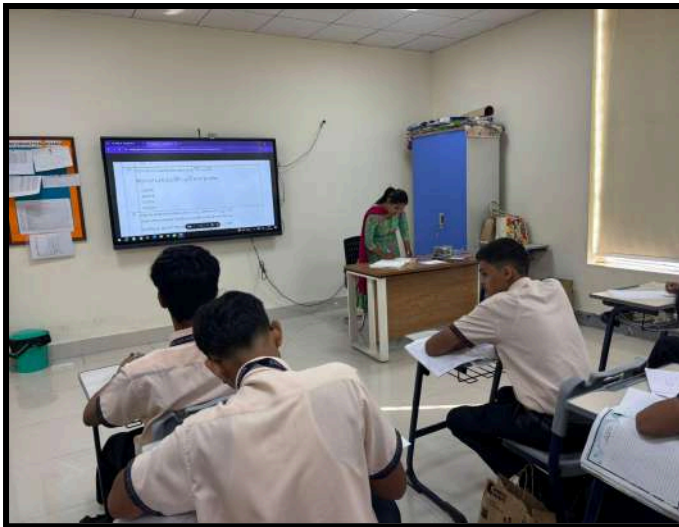

In Biology, students practically learned that germinating seeds release carbon dioxide during respiration, and potassium hydroxide (KOH) is used to absorb the released CO₂. This helped them understand that respiration is a biological process in living organisms and that KOH can be used to detect carbon dioxide. They also studied the structure of a dicot seed through practical experimentation.

This month, we celebrated the value of **Gratitude**—the practice of appreciating the kindness and opportunities we receive and giving back to our community. As part of this month's theme, students were encouraged to donate to support those in need. This is an opportunity for us to express our gratitude by helping others who may be going through challenging times.

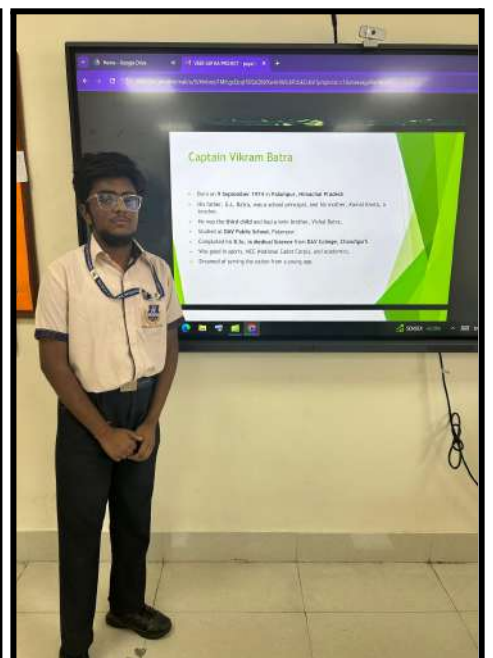

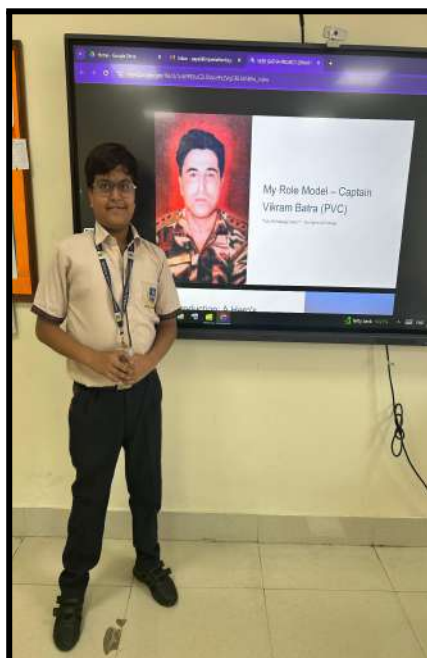

IHS News –

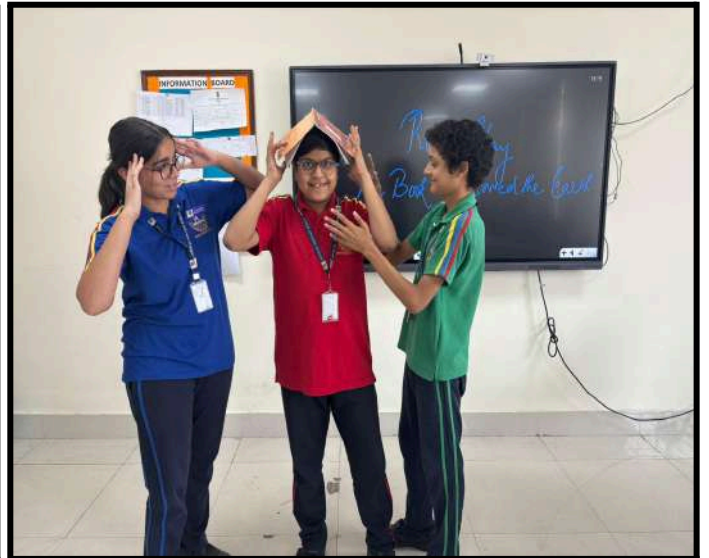

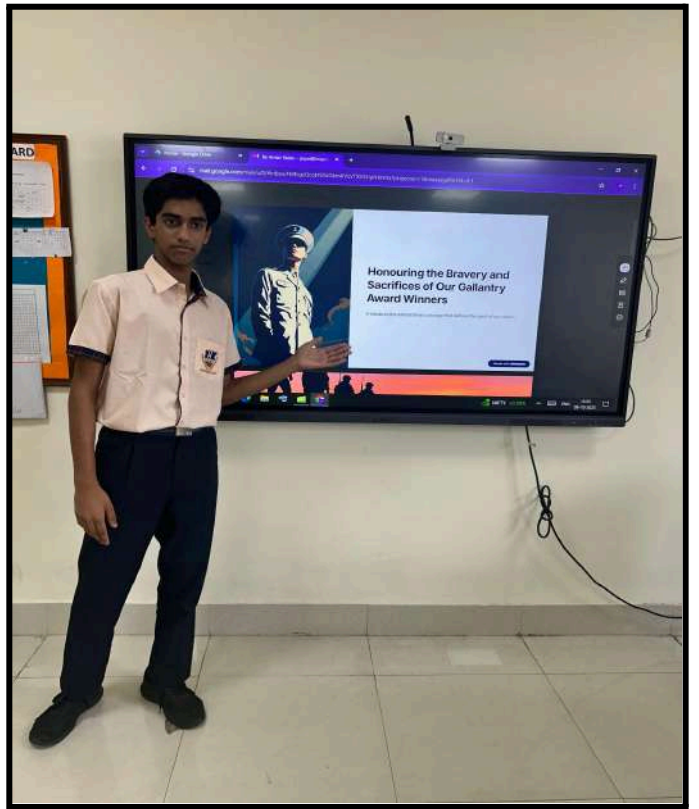

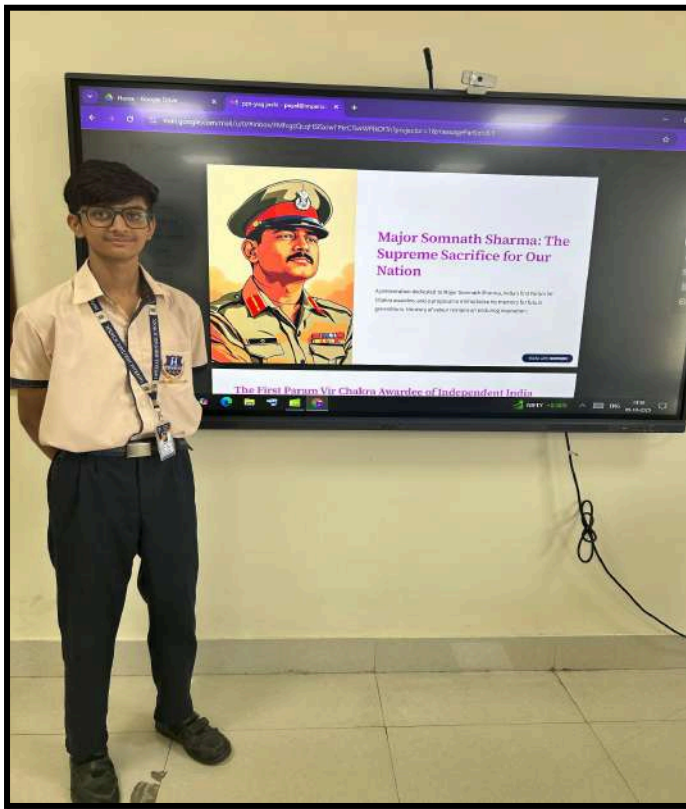

We are thrilled to announce that IHS has begun preparations for its **5th Annual Day Celebration!** This much-awaited event promises to be a grand showcase of our students' talents, creativity, and hard work. The entire school is buzzing with excitement as students, teachers, and staff come together to make this celebration truly memorable. We look forward to an evening filled with joy, performances, and cherished memories that highlight the spirit and unity of our IHS family.
