MONTHLY PLANNER FOR OCTOBER
Grade VIII (2025-2026)

“An investment in knowledge pays the best interest.” — Benjamin Franklin

Dear Parents,

Greetings from Imperial Heritage School!

We are delighted to step into yet another lively month at IHS! The strength of our school community lies in the close partnership we share with our parents, and we sincerely appreciate your unwavering support. Your encouragement empowers our children to grow as confident learners and empathetic individuals. We are truly thankful for the guidance you extended during the holiday homework and for ensuring its timely completion. Such cooperation instills in our learners a sense of accountability and discipline. This month, our students enthusiastically engaged in a variety of enriching activities and competitions that brought both happiness and valuable learning experiences.

National Sports Day: On the auspicious occasion of **Major Dhyan Chand**'s Birth Anniversary, our school organized a variety of sports and games to pay tribute to the “Hockey Wizard of India” and to spread awareness about the importance of fitness and teamwork. The energetic students of Grade VIII showcased their teamwork and agility by playing Kho Kho, one of the most loved Indian sports. The game highlighted agility, coordination, and presence of mind, as chasers and defenders displayed their speed and strategies in the playground.

National Robotics & Stem Innovative Challenge 2025: **Hardik** of Grade VIII B participated in the National Robotics & STEM Innovative Challenge 2025, where he displayed his Innovative Sustainable Light Model. His creativity and problem-solving skills were highly appreciated, and he brought pride by securing the III position in the competition.

Trash To Treasure Inter School Competition: **Jiya Joshi** of Grade VIII B participated in the Trash to Treasure Inter-School Competition held at Made Easy School. She crafted a beautiful tribal mask using eco-friendly materials and brought laurels to the school by securing the I position.

Special Assembly On Teacher's Day: The students of Grade VIII B celebrated Teachers' Day with immense joy and gratitude through a special assembly. The program began with the Gayatri Mantra and prayers, followed by a short narration on the significance of the day. A heartfelt French poem dedicated to teachers, added a unique charm. Students then offered a soulful musical tribute, a thought-provoking skit highlighting the role of teachers, and a graceful dance performance to express their appreciation. The celebration beautifully reflected the students' respect and love for their mentors.

International Literacy Day: On the occasion of International Literacy Day, an engaging ‘Making Inferences’ activity was conducted. Students were shown pictures and encouraged to observe, analyze, and infer meanings. This interactive activity enhanced their critical thinking, comprehension, and interpretation skills while highlighting the importance of literacy in everyday life.

Star Performer: Each month, students who consistently excel in academics, co-curricular activities, discipline, and overall participation are recognised with a Star Performer Certificate. This initiative not only celebrates their hard work and dedication but also encourages others to strive for excellence. The star performers for the month of September from Grade VIII A and VIII B are **Anushka Chaudhury** and **Tanishka Minocha** respectively.

Value of the month: As part of the Value of the Month – **Hard Work**, students were encouraged to create a personal timetable for revising for the upcoming Term 1 Examination. This activity motivated them to plan effectively, manage their time wisely, and develop consistency, instilling discipline and responsibility towards academic excellence.
