

IMPERIAL HERITAGE SCHOOL, SEC-102, GURUGRAM
MONTHLY PLANNER FOR OCTOBER
GRADE XI SCIENCE (2026-27)

“Anyone who has never made a mistake has never tried anything new”

-Albert Einstein

Dear Parents,

Greetings from Imperial Heritage School!

October is the month of Reflection, Renewal and Celebration. It marks the commencement of Term II, providing students with a fresh opportunity to reflect on their Term I performance, recognise their achievements, and identify areas for further improvement. Students will be appreciated and encouraged for their efforts and progress, while being motivated to set clear academic goals and approach the new term with greater focus, confidence, and perseverance.

The pleasant change in weather will create a refreshing and conducive atmosphere for learning and participation. The month will also witness the celebration of various festivals, fostering cultural awareness, inclusivity, joy, and a sense of togetherness among students. With a balanced blend of academic reinforcement, motivation, and festive celebrations, October will encourage students to begin Term II with renewed enthusiasm, responsibility, and a positive attitude towards learning.

The school celebrated **Teachers’ Day** with great enthusiasm and warmth, with students taking the initiative to organise a special celebration for their teachers. The programme began with a heartfelt **song performance** dedicated to the teachers, creating a joyful and emotional atmosphere. Students then organised a series of **fun games and entertaining activities**, encouraging teachers to participate and enjoy the occasion. The cheerful interactions, laughter, and enthusiastic participation made the celebration truly memorable. The event reflected the students’ love, gratitude, and respect for their teachers and concluded on a happy and appreciative note.

The student council members organised a **CPR Awareness and Training Session** in Grades IX to XII on 9th September. The session introduced students to the importance of CPR in responding to certain emergencies and highlighted the need to act quickly, seek professional help, and follow trained guidance. Students learnt the basic steps of CPR through a PPT presentation.

CBSE has clearly outlined the significance of speaking and listening skills as part of the co-scholastic areas of achievement for every learner. An **English Assessment of Speaking and Listening Skills** was conducted as a part of their subject enrichment activity to assess their proficiency level in the language, with the objective that they are able to interpret what is being said and are able to express themselves well.

The practical examination for **Physics, Chemistry, Biology, Physical Education, Artificial Intelligence (AI) and viva for all other subjects** were conducted successfully to assess students’ practical knowledge, application skills, and understanding of key concepts.

CBSE has clearly emphasised the significance of **“Learning by Doing”** as an integral part of the learning process and co-scholastic development of every learner. To develop a practical approach and enhance students’ understanding of mathematical concepts, various activities were conducted in the classroom. An **assessment** was also conducted as part of the Subject Enrichment Activity with the objective of evaluating students’ mathematical skills, conceptual understanding, and ability to apply their knowledge in practical situations.

The value of the month was **“Hard Work”**. A discussion was held on the importance of hard work in everyday life and its positive impact on individuals and society. Students actively participated by sharing their thoughts and learned that simple acts of kindness foster empathy, respect, and a caring community.

IHS NEWS

Celebrating Excellence in Education!

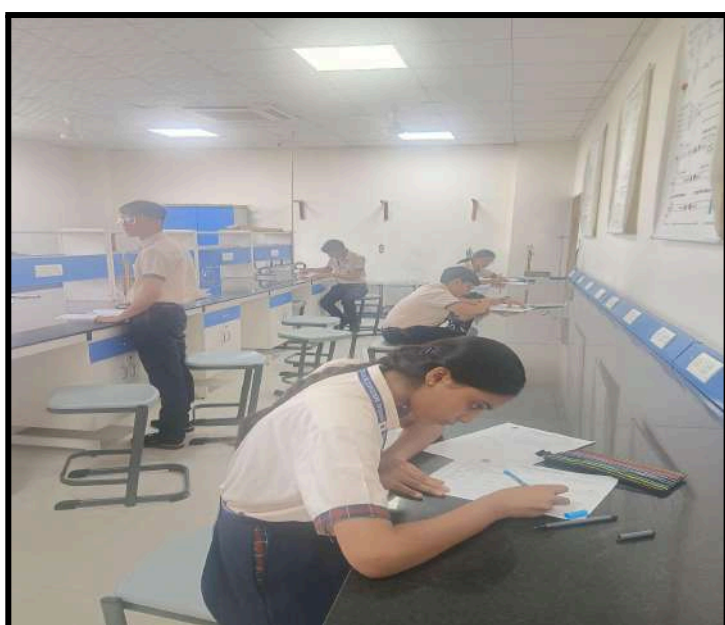

Our Principal, **Ms. Neelu Sharma**, was conferred the prestigious **IIRF Education Impact Award** for leading the school towards *Best Learning Outcomes* and was honoured as **“Principal of the Year – 2026”** at the **2nd National Education Conclave**. The recognition celebrates her visionary leadership and unwavering commitment to creating a progressive and enriching learning environment.

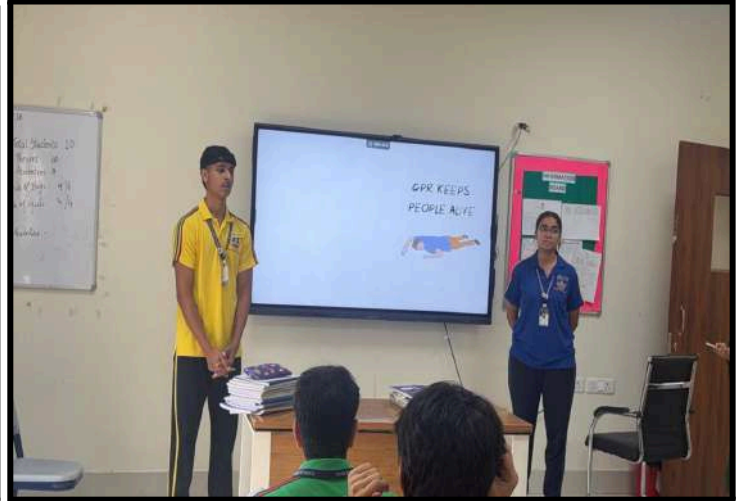

Heartiest congratulations to **Ms. Deepa Sharma and Dr. Madhuri Panwar** on being felicitated with the **Guru Samman Award** on **12 September**. Our Principal Ms. Neelu Sharma congratulated both mentors and appreciated their dedication and invaluable contribution towards shaping young minds.

Building Global Connections

IHS is all set to welcome students from **Dongpae Middle School, South Korea**, as part of an exciting **student exchange programme**. This international collaboration will provide our students with opportunities to connect, learn, share cultures and build meaningful global friendships.

A month of pride, appreciation and new beginnings at IHS!
