MONTHLY PLANNER FOR SEPTEMBER
GRADE XII- SCIENCE (2025-2026)

"Science is the poetry of reality."

— Richard Dawkins

Dear Parents,

Greetings from Imperial Heritage School!

Traditionally considered the September month marks transitions between seasons, it is often one of the most temperate weather-wise. This month has been planned for activities, competitions, and accomplishing the planned syllabus for Term I assessment. The month of August resonated with the patriot is the feeling of Independence and freedom as the country completes 79 years of freedom. Students commemorated the birth of a free nation after the relentless efforts of freedom fighters and revolutionaries against the oppressive British rule.

As a part of CBSE activity our students took part in 'Har Ghar Tiranga' campaign, under the aegis of Azadi Ka Amrit Mahotsav, to encourage them to bring the Tiranga home and to hoist it to mark the glory of India's Independence.

A Parent-Teacher Meeting (PTM) was held on 2nd August to discuss the academic performance and overall progress of students. The meeting provided an opportunity for teachers and parents to engage in meaningful discussions regarding the strengths, areas of improvement, and developmental needs of each student.

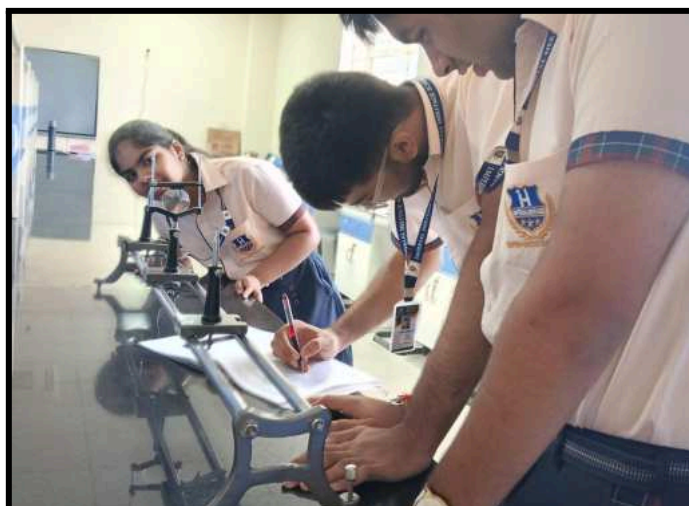

Utsav Saroha and Shauraya Bhatia represented the school at the **CBSE Cluster Games** held at KIIT World School, Sohna Road, Gurugram, on 2nd -5th August, where they participated in a **football match**. Utsav Saroha secured second position in "**Sankalp Se Siddhi -Policy Pitch**" held at Manav Rachna International School, Sector-46, Gurugram. Rhytham Kataria participated in the Interschool competition "**Quantum Titans**" held at Global Heights School, Dwarka Express Way, Gurugram.

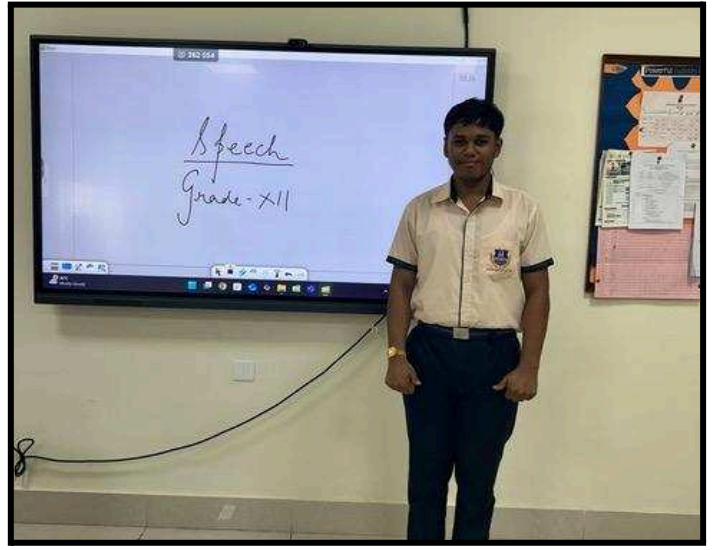

An orientation session was conducted to establish the Entrepreneurship Club in the school. The initiative was undertaken as a task assigned by **NEC Junior, E-Cell, IIT Bombay**. The activity generated great enthusiasm and participation, instilling the spirit of innovation, leadership, and teamwork among students.

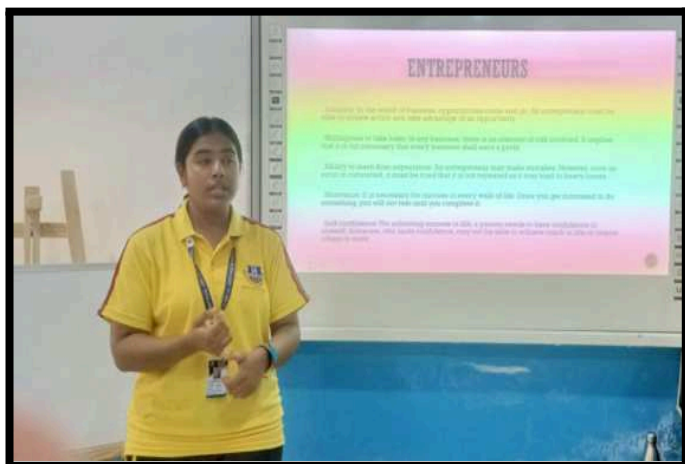

In the **Chemistry Lab**, students analysed the functional groups in organic compounds that they were given. In **Physics lab**, students of Grade-XII performed an experiment to find the focal length of a convex lens.

As part of the **English** curriculum, a speech activity was conducted for the students of Grade XII with reference to the chapter “Going Places” by A.R. Barton. The theme “Daydreaming leads to Disillusionment” was chosen to help students connect literature with real-life experiences and reflect on the consequences of unrealistic fantasies. The activity proved enriching as learners concluded that while dreams are necessary to inspire ambition, they must be grounded in reality to avoid disillusionment.

Values are an integral part of the curriculum at Imperial Heritage School, and a quote by C.S. Lewis, “*Education without values, as useful as it is, seems rather to make man a more clever devil,*” resonates the same. The value of the month was **Pride**, and students were engaged in group discussions and shown videos on the same.
