MONTHLY PLANNER FOR SEPTEMBER
GRADE II (2023-2024)

“ The important thing in life is to have a great aim, and determination to attain it.” -Johan Wolfgang

Dear Parents,

Greetings and good wishes!

As monsoon sets in, it brings in a change in one's mood- optimism, new growth, and cheerfulness are the various dispositions that one experiences around this time. The month of August resonates with the patriot feeling of independence and freedom. This month was full of activities and competitions, along with completing the planned syllabus.

We believe that when education is intertwined with fun and excitement, children develop a positive attitude towards learning that stays with them throughout their lives. Multiplication, a fundamental math skill, was introduced in an engaging and interactive way that turned the process into a game of discovery. During English classes, students read aloud chapters with a particular focus on the keywords to improve their oratory skills. Grammar topics like articles, adjectives and verbs were introduced through interesting hands-on activities and videos, to ensure greater retention among students. What better way to dive into the world of plants and animals than with an exhilarating scavenger hunt? Our students ventured outdoors with an insatiable appetite for exploration. From identifying different types of plants to spotting tiny creatures hiding beneath leaves, this hands-on activity was designed to spark a sense of wonder and observation skills.

Heritage Week was celebrated to promote cultural diversity, social cohesion, reconciliation, and peace amongst students. Also, a lot of activities and competitions were organized to make the students aware of our cultural heritage. Students created a Monument Quilt where they showcased different monuments of India. Diving deep into the diversity of India, they spoke about the various cultures found across the states. Students enthusiastically participated in an Intra Class Show and Tell Competition on monuments of India and presented the information with great confidence.

Students made rakhis for the soldiers posted at the borders of the country to remind them that they were not alone on this auspicious day and that there were many who remember them and thank them as they do their duty.

The value of the month was Patriotism. It is more than just a fleeting emotion; it's a profound connection to our country's values, history, and future. We, as educators, are dedicated to laying a strong foundation of understanding, helping students recognize the significance of their nation's past, present, and the role they can play in shaping its future. The same was inculcated through various hands-on activities.

The first Class Presentation of Grade II on Types of Houses, in which students presented their learning outcomes, was a great success. Students intertwined English grammatical concepts, Mathematical operations and Hindi language as they presented the EVS topic. The confidence of the students was commendable.

Imperial Heritage School hosted its 3rd Annual Inter School Competition, MAADHYAM, on 12th August 2023 where students from over 25 schools across Gurgaon participated. The theme was Over the Ages- Past, Present and Future, where participants were given an opportunity to recognize this change over the ages and to dwell deeper on the advantages and disadvantages. They got a chance to understand that all objects in the world are subject to change; however, the ideals, virtues and values established in human hearts remain as a perennial source of inspiration to the world. The students showcased their exceptional skills and talents across a range of competitions, leaving an indelible mark on the event. From spirited story narration and rhythmic rhymes to dazzling performances in dance, music, and art, the participants exhibited their true mettle. Keeping with the true spirit of healthy competition, IHS Team only participated and was not part of the judgment, gracefully passing on the position to the next team. The participants, Kiara Kesharwani and Ahindita Das, participated enthusiastically and narrated their stories with a great deal of confidence in event 3- Spin a Tale.
